

BENEFITS:

- EARLY SEASON GROWTH**
- ROOT GROWTH SUPPORT**
- PRIMARY ENERGY CONVERSION**
- SEED ESTABLISHMENT**
- ECONOMICAL**

P-48 is a highly soluble N-P-K formulation for both foliar and soil applications. Its exceptional economic value makes it a great choice for all intensively managed turfgrasses.

NUTRIENT ANALYSIS

Total Nitrogen (N)	10.00%
7.80% Ammoniacal Nitrogen	
0.90% Nitrate Nitrogen	
1.30% Urea Nitrogen	
Available Phosphate (P₂O₅)	48.00%
Soluble Potash (K₂O)	8.00%

Derived from urea, ammonium phosphate, and potassium nitrate.

25 lb (11.3 kg) pail

PROFESSIONAL USE GUIDELINES ⑤

APPLICATION:

P-48 may be applied to the foliage or the soil.

Foliar: *P-48* should be slurried before adding to the tank (warm water is better). Apply with any equipment that delivers a fine, even spray mist to the target area utilizing 02-04 tips for a total spray volume of 20-40 gpa (200-350 L/ha). Do not water in. Wait at least 2 hours to irrigate.

Soil: *P-48* should be slurried before adding to the tank (warm water is better). Apply with any equipment that delivers an even coverage to the targeted area. Lightly water in to move material into the rootzone.

RATE OF APPLICATION:

Apply 6-10 lb/acre (6-12 kg/ha). For backpack sprayer, use 4 tsp/gal (5 mL/L) of water.

COMPATIBILITY:

P-48 is tank mix compatible with many systemic fungicides, insecticides, and nutrient solutions. Jar test when in doubt. For best mixing results, remove tank strainer prior to product addition.
