

FALL ROOTING AND RECOVERY

GET BACK WHAT SUMMER TRIED TO TAKE AWAY

A long, hot summer can take its toll on your turf and your root mass. Try this easy to use TAP to ensure turf density, rooting, and recovery.

■ STRENGTH

Astron provides rooting and complexed zinc for reduced temperature stress.

■ ROOTING

P-48 is a foliar charging macro and micro nutrient soluble with a high phosphorous analysis for root initiation and pure energy.

■ ENERGY

ProteSyn for molecular strength from simple and complex carbohydrates and amino acids.

■ GROWTH & COLOR

Power 23-0-0 and **Power 24-0-0** deliver moderate, consistent growth with Power Play technology for turf strength.

■ TRANSLOCATION

Power 0-0-22 addresses heat and wear tolerance from highly available potassium with proprietary Power Play technology for superior translocation.

powerplay 
organic acid technology

Power 23-0-0, Power 24-0-0, and Power 0-0-22 contain Floratine's proprietary organic acid translocation technology to enhance uptake and utilization of nutrients.
